

FOR IMMEDIATE RELEASE

**LUCY DONAHUE JOINS BY LIGHT PROFESSIONAL IT SERVICES, INC.
AS SENIOR VICE PRESIDENT TO RUN FEDERAL HEALTHCARE VERTICAL**

ARLINGTON, VA, July 25, 2011 — By Light Professional IT Services, Inc. (By Light) is pleased to welcome Lucy Donahue as Senior Vice President of the company's Federal Healthcare initiatives. Ms. Donahue has over 20 years of business development and sales experience in the information technology industry within the federal healthcare, Department of Defense, and commercial sectors. Before joining By Light, Ms. Donahue served as the Federal Healthcare Strategic Account Manager at Cisco Systems.

“This is an exciting time for By Light to be able to bring industry talent in to grow a new vertical market, said LTG (Ret) Robert Donahue, CEO of By Light. By Light is one of 15 companies selected by the Department of Veterans Affairs (VA) to provide technology services under the T4 program, a multiple award IDIQ contract, as a Prime Contract holder. The program allows VA access to a comprehensive, world-wide, IT solution to support both VA and non-VA customers. By Light will offer a broad range of IT telecommunication services to the VA, including program management and strategy planning, and systems and software engineering, among others.

By Light Professional IT Services, Inc. is an ISO 9001:2008 registered and certified Service Disabled Veteran Owned Small Business (SDVOSB) specializing in network design and implementation; systems engineering; project management; and software development. Headquartered in Arlington, VA, By Light was founded in 2002 by industry and DoD professionals with extensive knowledge and experience in the Federal Healthcare vertical. By Light serves civilian, defense, and commercial customers worldwide. For additional information, visit our website at www.bylight.com.
